RE: E-Mail Notifications

During Lake County's recent flood, we were able to send out flash notices to homeowners who had signed up for e-mail authorization. In this way, owners were kept informed of the Township's plans and actions during this crisis.

E-mail notification not only will save the Association money, but will also provide a manner of keeping owners informed during emergency situations.

We strongly urge all owners to take advantage of this method of communication.

If you agree to have these documents sent to your e-mail account, please sign this form, provide your e-mail address and return this document to the management office.

If you do not return this form, we will continue to send all correspondence and notices via regular mail.

If you have any questions regarding the above, please feel free to contact the management company.

Thank you
